'Merchant of Yonkers' Tickets on Sale Today

Tickets will go on sale today for the Speech and Drama Department's production of the "Merchant of Yonkers," to be presented March 9, 10, 15, 16, and 17 in the College Theater. Tickets are 50 cents each for students with ASB cards, and \$1 for general admission. Tickets on sale in College Theater box office.

Becker Releases List of Candidates

A list of 34 candidates declared eligible to run for student body offices in the forthcoming campus elections was released yesterday by Bob Becker, chief justice of the Student Court.

Candidates whose names will appear on the ballots to be put before voters next March 8 and 9 are as follows:

Freshman president, Chuck Miller and Bob Sturgeon; vice president, Dick Sargent; secretary, Elaine Perry and Mary Menet; treasurer, Connie Fitzsimons, Terri Galvin, Diana Stelling and Maurine Robinson; representative, S. Kawauchi and Bob Silva. Sophomore president, Ted Terzakis; vice-president, Jean Christie, Jeanie Oakleaf, Judy Woods and Catharine Westermann; secretary, Gayle Grisham; treasurer, Cathy Kirby; representative, Joan Oeser and Tom Burns. Junior president, Tom Bonetti; vice-president, Larry Flock and Ray Cogo; secretary, Elizabeth Heath; treasurer, Everett Goller; representative, Joyce Rodriguez. Senior representative, Joyce DeBenedetti, Bob Lindsey and Rosemarie Pedone.

Junior male justice, Dick Parle and Jacob Moradzadeh; Junior female justice, Margaret Mitchell, Helen Kennedy and Nancy Curtis. Candidates may pick up petitions today and tomorrow and are to return them to the Student Union next Wednesday, after obtaining the necessary signatures.

Dr. Frank F. Peterson Dies of Heart Attack

Dr. Frank F. Peterson, former SJS mathematics and engineering professor, died of a heart attack last week in Douglas, Ariz.

Dr. Peterson came to SJS in 1934 and remained until 1942. He is responsible for starting aviation education here.

He received his B.S. degree from the California Institute of Technology, and his M.A. from the University of Southern California. He obtained his Ph.D. from Stanford University in 1946, where he taught for 10 years.

He had been developing mining interests in Northern Mexico since his retirement from teaching.

Death Valley Plans Near Completion; Enrollment Increase Keeps Trip Open

Due to a sudden increase in enrollment, the West Coast Nature School's trip to Death Valley this year will not be cancelled. Plans for the trip are now near completion, according to Dr. Gertrude Cavins, head of Science Education.

Enrollment is far under the quota. To allow more time to students who wish to sign up, the final deadline has been extended to March 15, Dr. Cavins said.

Interested students may sign up in Room 100 of the Science Building for the Easter Week excursion.

Dr. G. A. McCallum, head of the Biological Department, will be in charge of the repeat class which consists of 30 students previously who have attended the field trips.

Repeaters will have different instruction than those students attending for the first time, according to Dr. McCallum. They will cover areas not explored in past years, and emphasis will be on various aspects. There will be different subject matter taken up each day.

"One day we will inspect a fluoride mine and go down into

San Francisco Surf Club Site of IFC Formal Saturday

The annual Inter-Fraternity Council Formal will be held Saturday night between 9 and 1 o'clock at the Surf Club in San Francisco, Bill McCollam, IFC president announced.

Final arrangements are being made by McCollam in the absence of Jim Girvin, dance chairman, who has left school because of poor health.

Music for the affair will be provided by Jimmy Diamond and his orchestra. McCollam stated entertainment will be provided during the intermission. Old and new officers of IFC also will be introduced.

Chaperones for the dance will be Dean and Mrs. Stanley C. Benz, Dr. and Mrs. Lowell M. Walter, Dr. and Mrs. Donald H. Wortmann, Mrs. Izzetta Pritchard, Dean Helen Dimmick and Dean Robert S. Martin.

Faculty department heads, administrative officers and sorority house mothers have been invited.

Purkatle To Speak To ISO Tomorrow

Ruth Haines Purkatle, committee member on friendly relations among foreign students, will be guest speaker at the International Students Organization meeting tomorrow at 12:30 p.m. in SD 118. She is with the organization which sponsored the Athens, Ohio, Christmas trip for foreign students. Colored slides will be shown at the meeting, according to Mrs. Dorothy Hutchings, publicity chairman.

All foreign students and any one else interested, is invited to attend the meeting. Mrs. Hutchings said that participation this semester has been much better than last semester.

"We had more than a hundred students at the reception last Sunday, and we appreciate the enthusiasm the students have shown in ISO," Mrs. Hutchings said.

Light Showers, Wind Will Continue Today

Intermittent rain was forecast for the Santa Clara Valley today as Northern California was still feeling the effects of the flood-swollen Russian River.

The river hit 35 feet, five feet over flood stage, yesterday morning and was still rising. Fifteen families were isolated on lowland farms.

Others evacuated their homes near Guerneville where the mopping up still was not completed from the disastrous Christmas week floods.

Locally, there will be little change in temperature with an expected high of 54-59 and a low of 45-50. Southerly winds will still continue at speeds of 12-25 m.p.h.

an actual mine shaft. The next day we might ride through Titus Canyon, or visit the ghost towns of Rhyolite and Skidoo. We also will see some of the desert's 'moving rocks'." Dr. McCallum said.

Non-repeaters are scheduled to visit the world-famed Scotty Castle.

Students and the field trip faculty will camp at the old Ryan Mine sixteen miles from the valley floor, and students will do their own cooking throughout the week, according to Byron Bollinger, camp director.

No Vacation Tomorrow

There will be classes tomorrow, regardless of a story in a local paper stating that San Jose State students would enjoy a Friday vacation to celebrate Washington's Birthday.

Executive Dean C. Grant Burton said that there are no vacations from school until March 24, the beginning of Easter Vacation.

FREDERICK LOADWICK (left), new member of the SJS music faculty, and William Erlendson, associate professor of music, will sing tonight when the Music Department presents another program in the current series of concerts. The program, which will be presented at 8:15 o'clock in the Concert Hall, will be devoted entirely to the works of Robert Schumann.

Faculty To Take Part In Schumann Concert

The SJS Music Department will present a concert tonight with the program devoted entirely to the works of Robert Schumann, in commemoration of the hundredth anniversary of his death.

The program, which is one of a series presented by the department, will be given at 8:15 o'clock in the Concert Hall. Admission is free.

Heard for the first time in recital will be Frederick Loadwick, tenor, a new member of the music faculty. He will be accompanied by his wife, Mrs. Lila Loadwick, graduate of the Julliard School of Music and who also received her master of music degree from the University of Kansas.

Loadwick's selection will be "Dichterliebe," considered by many to be one of the most notable examples of chamber music for voice and piano. The cycle of sixteen songs, set to poems by Heinrich Heine, tells the story of an unhappy love. In these songs Schumann demands great poetic sensitivity, simplicity, and sincerity of recitation and portrayal of poignant emotion without violence.

Loadwick was a member of the Robert Shaw Choral and appeared in all the major choral works broadcast and recorded by the "Soup under Arturo Toscanini" and the NBC Symphony Orchestra. He also sang five leading operatic roles at the Julliard School in New York, of which he is a graduate, and appeared in concerts and oratorios in New England, New York and the South.

Also appearing on the program will be William Erlendson, associate professor of music, who will be piano soloist in the "Quintet in E Flat." String players are Gibson Walters, violin; Rosemary Walters, violin; Frances Robinson, viola; and Donald Homuth, cello.

The "Quintet in E Flat" is thought to be by many critics one of the masterpieces of chamber music literature. It was written in 1842, often referred to as Schumann's "chamber music year." The composition is in the conventional four movement opening with Allegro brillante, constructed in unmodified sonata form.

The second movement is a solemn march with lyrical interludes and is probably the most familiar section of the Quintet. The Scherzo opens with rushing scale passages and contains two trios.

The finale, Allegro Ma Non Troppo, presents new material associated with material from the preceding movements in an imaginative "finishing up." The prominence accorded the piano throughout is characteristic of Schumann ensemble music in which his favorite instrument, so often the vehicle of his finest thought, is used.

Previous to his arrival at SJS in 1931, Erlendson received his degree in music, with major in piano at St. Olaf College, Minnesota. He also toured the United States as a member of the St. Olaf's Choir, after which he received his M.A. at the University of Michigan. Membership in the Harvard Glee Club was another one of Erlendson's activities while he was doing additional studying at Harvard University.

'Shoemaker' Play Opens Tomorrow In College Theater

Barry Montilla, Kenneth Rugg and James Dunn will be playing the parts of the three elves, Widget, Gremlo and Finella in the Speech and Drama Department's production of "The Elves and the Shoemaker" which opens tomorrow afternoon in the College Theater.

The play will be presented at 4 p.m. and 7:30 p.m. tomorrow, and at 10 a.m. and 2:30 p.m. Saturday. Tickets are on sale at the College Theater box office for 50 cents each.

"The Elves and the Shoemaker" is an 18th century story based on a Grimm's fairy tale. It involves a shoemaker's family who is tricked by a wicked landlady and three elves who come to the rescue of the shoemaker's family.

Although this is a presentation for children's theater, it has been planned to appeal to children of all ages, according to John Kerr, associate professor of drama and director of the play.

Others in the cast are Richard Wilson, the shoemaker; Celia Cross, his wife; Barbara Bridges, Karen; Benita Camicia, Heckla; Marily Clift, Dame Margery; Jean Parlette, Ursula; Jean Marsh, Joan.

Carolyn Call, Rhoda; Gail Anderson, Meg; and Celeste McAdam, Tabitha. Bernice Prisk is in charge of costumes, and Harrison McCreath is technical director. Wendell Johnson is in charge of scenery.

Shields Elect Officers, Announce Activities

Spartan Shields, sophomore men's honorary service organization, held spring elections Tuesday. Elected for this semester were Harrison "Fuzzy" Gibbs, president; Ralph Parker, vice president; Vladimir Strochenko, recording secretary; Curtis Luft, corresponding secretary; Roger Hamby, treasurer; and Ernie Zoltola, pledge master.

The Shields now are sporting new jackets that are blue with yellow trim on the pockets and cuffs. These jackets will become a traditional trademark of future Shield members.

Currently the Shields are engaged in selling at concessions during boxing matches and also will help in the coming ASB elections.

Dance Will Follow Game

A dance sponsored by the Block "S" society, will be held in the San Francisco State Woman's Gym following Friday night's game.

Meadows To Speak For Pi Omega Pi

Weaver Meadows, a former San Jose State instructor, and head of the Marin College Business Dept., will be the guest speaker at the Pi Omega Pi annual dinner to be held on March 1, at 6:30 p.m. in Fremont Union High School in Sunnyvale, according to Crista Jones, fraternity president.

Meadows was a graduate student and faculty member of San Jose State and was taught by Dr. Earl W. Atkinson, present head of the SJS Business Dept.

Dr. Atkinson will be master of ceremonies at the dinner.

Weaver will be introduced by Mr. Wesley E. Overson, a business instructor at SJS. Overson and Weaver want to SJS together as students.

The dinner will bring together 40 high school business teachers, members of the San Jose State faculty, and Spartan business education students.

The Fremont High cafeteria will be the scene of Weaver's talk, and skits which Willow Glen High

DR. EARL W. ATKINSON
Dinner M.C.

School students will put on, and the dinner.

In order to attend the affair, reservations must be purchased in the Business Divisions Office from Dr. Atkinson's secretary, Miss Lillian Lynum.

Tickets must be purchased at the door the night of the dinner upon the showing of reservations. At that time \$1.50 is to be paid.

The dinner is sponsored by the Pi Omega Pi honorary business education fraternity. Pat Wiestrom is the dinner chairman.

Crista Jones, president, stated that the fraternity would like as many students as possible to attend the dinner.

Tomorrow is the deadline for those persons wishing to get reservations from the Business Divisions Office.

Gail Dahlen Wins Soph Doll Contest

Gail Dahlen, 19-year-old sophomore from Glendale, was named Soph Doll for 1956 by the judges last night at Alpha Phi Sorority house. The general education major was sponsored by Sigma Nu Fraternity in the contest.

The contest sophomore carried off her 16 inch trophy on the basis of "looks, poise, and personality." Her sponsoring organization received a 10 inch trophy.

Judging the contest were Mrs. Stanley C. Benz, wife of Dean Benz; Miss Mary Ellen Bowe, of the San Jose Beauty College; Frank Freeman of the Mercury-News; Mrs. John T. Wahlquist, wife of State's president; and a Radio Station KLOK representative.

Not only did this year's Soph Doll have to be tops in looks, poise, personality, and compete in dressy sport attire, but she also had to be on clear standing, and could not be pinned, engaged or married.

Judging at the Alpha Phi Sorority House began at 7 p.m., and was not open to the general student body or the membership of the Sophomore Class.

Only contestants, their escorts, judges, and persons connected with the administration and publicity of the contest were permitted to attend.

The Soph Doll will participate in the Intercollegiate Soph Doll Dance at the Castlewood Country Club on the first weekend in March.

Twenty-five bids were made available for distribution by Sophomore Class Council members, and some of the \$2 bids may still be obtained. Members from all Sophomore Classes in the Bay Area may attend the affair and dance to the music of Jack Fina.

Radio, Television Guild Panel on KEEN Tonight

The Radio and Television Guild will present a tribute to National Engineering Week in a panel discussion over Radio KEEN at 9:05 o'clock tonight.

The panel is composed of members of the engineering field. Moderator for the half-hour discussion will be Robert I. Guy, assistant professor of drama.

Glen Pensinger and Jim Ahern are technicians for the show.

The Guild and Radio KEEN present these weekly shows as a public service interest to San Jose State and the Santa Clara Valley.

Civil Defense Alert

The screaming sound of sirens will be heard tomorrow in an air raid alert at 11 a.m. The eerie sound will be the result of a test of the alert facilities of the Civil Defense program in the county.

Persons in the city will hear a three minute blast of the sirens, followed by two minutes of silence, and then a blast warning residents to take cover. The tests were announced by Frank S. Wiley, chairman of civil defense and disaster control in this area.

Council Prolongs Petition Deadline

Faced with a lack of application petitions for several appointive offices, especially recommendation committee posts, the Student Council yesterday extended the deadline until noon Wednesday.

There were several applications for Homecoming Committee chairman and Senior male justice, but none for recognition committee chairman and only six for that committee's member at large posts.

Don Hubbard, ASB president, reports that students who have applied for these offices are scheduled to appear before the Council Wednesday at 2:30 p.m., for interviews.

Much of the Council's discussion centered on the problem of lack of student interest in student body offices and government.

Several recommendations to improve student interest were proposed and the final decision was to promote more activity by better class council coverage of student body affairs; by sending letters of information to living groups and by attempting to arouse interest in former applicants who have not taken part in student government.

Al Behr, male representative-at-large, reported his committee's findings on the possibility of holding an open Student Council meeting, to aid in the promotion of student interest. The Council decided to hold this meeting on Monday March 2 at 3:30 p.m. in Morris Dailey Auditorium.

This meeting will give students a chance to see the Council in action and will offer an opportunity to ask the Council members questions.

Late in the meeting, Hubbard reported on the recent Pacific Student President Assn. conference he attended. Much of the discussion at the Berkeley meeting concerned student apathy and lack of school spirit—problems with which the Council is deeply concerned.

Hubbard reported that other schools—notably Stanford and California—are faced with many of the same problems found at San Jose. Most of these concerns spirit, rallies and poor student response at election time.

In other business, the Council voted to underwrite the cost of the Who's Who banquet. If the cost is found to be acceptable to the members of the Council, this subject was also referred to the Award's Committee and the College Life Committee for further study.

Sparvet Dinner Friday

Sparvets, SJS veterans organization will hold an informal dinner at 7:30 o'clock tomorrow night at Lou's Village in San Jose. Price for the dinner will be \$2.

Purpose of the affair is to enable campus vets to become better acquainted. War stories will be discouraged, according to vet Jack Fairbanks.

UNITED PRESS ROUNDUP

Ike Tells Close Associates He Wants Second Term; Won't Commit Self Yet

WASHINGTON—(UP)—President Eisenhower has informed close associates here that he wants a second term.

The United Press was informed that he qualified his statement only to this extent: he would not commit himself publicly until after making a personal test of his physical powers during a vigorous shooting and golfing vacation at Thomasville, Ga.

Mr. Eisenhower will return from Thomasville Saturday. He played 18 holes of golf there today. His game was markedly stronger. Republican leaders are confident now that he will announce after his return that he is available if the party desires to nominate him again.

DULLES LEARNS OF SHIPMENT

WASHINGTON—(UP)—Secretary of State John Foster Dulles said yesterday on return from a 11-day Caribbean vacation that he knew nothing about the cancellation and subsequent reinstatement of a controversial shipment of 18 tanks to Saudi Arabia.

But Dulles said he would prepare himself to answer Congressional questions on the subject.

Dulles, who has been fishing and swimming near the Bahamas, said the Coast Guard set up communications facilities for him

with the department, but they were not used.

SENATE INVESTIGATION

WASHINGTON—(UP)—The Senate voted overwhelmingly yesterday for a sweeping investigation of illegal efforts to influence any senator, senate candidate or government employee.

It adopted a resolution, backed by leaders of both parties, to set up a special bipartisan committee of four Democrats and four Republicans to conduct an all-out inquiry into lobbying, campaign contributions and "other efforts designed to influence government actions for private interests."

The roll call vote was 79 to 1 in favor of the resolution. The lone dissenting vote was cast by Sen. William Langer, (R-N.D.).

TWO THIRDS RULE

WASHINGTON—(UP)—Sen. Strom Thurmond (D-S.C.) yesterday called for revival of the old "two-thirds rule" at Democratic national conventions.

The "two-thirds rule"—abandoned in 1936—gave the South a veto for more than 100 years over selection of Democratic Presidential candidates.

DEATH TRAGEDY

KHARTOUM, SUDAN, (UP)—Almost 200 prisoners crowded together in a single room died yesterday in a modern "black hole of Calcutta" tragedy.

First reports said 194 persons died and eight others were critically ill.

The victims, imprisoned at Kosti in the Blue Nile Province 240 miles south of Khartoum, were cotton farmers arrested in protest riots Sunday.

A government communique said the cause of death has not been established. Deputy Sudan Police Commandant Sayed Amin Shady, who announced the tragedy, said the deaths may have resulted from food poisoning resulting from meals they ate before their arrest.

COLD SPELL CONTINUES

LONDON—(UP)—Men and governments resorted to bombs and shells yesterday to free themselves from the paralyzing grip of ice jams caused by the bitter cold of Europe's worst winter of the century.

But in freeing the Continent's rivers of ice packs, the danger of floods and avalanches was increased and further death and damage was threatened.

extra-curricula

vince perrin

The Motion Picture Academy of Arts and Sciences gave the nod to USC Saturday night at its award nomination ceremonies on TV. "The Face of Lincoln," produced by and featuring professor-sculptor Merrell Gage, was among the three films nominated as the best one-reel short subject of 1955.

The film, a black and white documentary, begins with Dr. Gage working an egg-shaped mass of clay and recounting anecdotes about Lincoln. At film's end, the clay-bust is a resemblance of the 16th president as he looked four days before his assassination by John Wilkes Booth in 1865.

The academy nomination sent

the USC campus into an ecstatic state. Joyous Trojans, however, had good reason to be even happier. Dr. Gage's remarkable, 22-minute film went to Washington D.C., where President Eisenhower and his family viewed it on Lincoln's Birthday.

MOST INTERESTING NEWS STORY OF THE WEEK, from Pepperdine College's "Graphic": "Carousal," the Rogers and Hart musical adaptation of Fernando-Molnar's play, "Lillian," will be the all-school Varieties this semester.

College of the Pacific's Drama Circle is casting "Rope," a grisly melodrama about two college youths who strangle a classmate just for the fun of it. They chop up the victim's body and stuff it into a chest.

The murdered boy's family and friends are then asked to dinner which is served, of course, on the chest containing the corpse.

Alfred Hitchcock once turned all this into a chilling, cinematic blood-freezer. These two fellows, says COP's "Pacific Weekly," actually have committed the perfect crime. This will be the understatement of the year. In any case, it still remains for COP students to see and judge the case of the Collegiate Cadaver.

Hitchcock, incidentally, is now one of TV's most refreshing personalities. His caustic remarks about his spon-

University of North Dakota's "Dakota Student" picked up a gem: Hitchcock always allows his sponsor equal time to reply. "Ladies and gentlemen," he drawls, introducing a commercial, "my worthy opponent."

MOST REVEALING QUOTE OF THE WEEK, from the "Stanford Daily": "James McNeill, drama instructor, just before passing out the questions for midterm exams: 'Don't get excited. It's only a test. If you flunk it, you'll probably go into the Army and be shot dead on some battlefield.'"

Several universities are trying something that SJS's drama department is yet to consider. Stanford University is presenting "Winter One-Acts," three original plays scripted by Stanford students. "Oath of Hippocrates," another one-act, was written and directed by a sophomore at North Texas State College, and will be presented at a revolutionary "Super Theatre."

MOST PROVOCATIVE CLASSIFIED AD OF THE WEEK from Cal Poly's "El Mustang": "LOST: One very large orange cat, with black stripes, in the vicinity of Poly Grove. Last seen on a hot tin roof. Answers to the name of 'Ella'. If found, phone 1884-W."

Campuses across the country are glittering with rare entertainment, except, of course, San Jose State. The famed Vienna Boys' Choir, seen briefly by Spartans in "This Is Cinerama," is set for a concert at Utah's Brigham Young University. About 3000 University of Arkansas students packed the gym last week to hear the Crew Cuts.

The Los Angeles Philharmonic orchestra, featuring violinist David Frisins, played before University of Redlands students. Switzerland's internationally-discussed Zurich Symphony is scheduling an Arizona State College concert. Bohemian pianist Rudolf Serkin, considered the world's finest interpreter of Beethoven, performed for Stanford students recently.

Syracuse University kicked off spring semester with jazz concerts by Dave Brubeck and The Commanders and set a precedent with pianist-comic Victor Borge, who brought his sparkling one-man show, "Comedy In Music," on campus.

All this may give Spartans pause when weighing the latest professorial wrangle in Morris Dailey Auditorium.

Thrust and Parry

'Mr. Muckraker'

Dear Thrust and Parry: After reading the tender tidbits written by the crusading sports editor of the Lincoln Steffens-Upton Sinclair School, I dread all thought of the things that will happen to the United States Olympic team at Melbourne this year.

Obviously your Mr. Muckraker has never heard of the great Japanese distance runner, Ugaboo Boouga, who appears to be a shoo-in in the 50,000 Kilometer dash. And then there is the great Russian star, Vladimir Vladimir, who will be a lead pipe cinch in the 417-pound weight throw.

I only can picture your sports editor as being a person with a head the shape of a javelin and containing about as much grey matter as is found in a shot put ball.

ASB 9885

Movie Rate Cards

Dear Thrust and Parry: We would like to voice our opinions as to why the movie rate cards are not selling this semester. Having bought cards for the past two years, we feel that we know the reasons behind the slacking off of sales. Prior to this year, students with cards were allowed rates at any time of the evening.

However, this semester when we attempted to enter one of the sponsoring theaters at 10 o'clock in the evening, we were denied the special price and had to pay \$1 to get in, for, "After 10 p.m. these cards cannot be used." In Friday's Spartan Daily it was stated that the cards may be used at any time of the day. If this is so, how do you explain what happened? We feel that students object to not being granted all of the privileges stated on the card.

And probably the bigger reason that students aren't buying is that the price has gone up. On the quarter system we paid 50 cents a quarter or \$1.50 a year. This year it was raised to \$1 per semester, or \$2 a year, and the movies certainly aren't getting any better to warrant this raise. Especially when "Tarzan" is the main feature.

ASB 6672

2109

Student Democrats

Dear Thrust and Parry: It is the belief of this writer that an informed electorate is the basis for our democratic way of life.

To this end, a grass roots political organization, the Student Democrats of Santa Clara County, has been formed to acquaint the college age student with current political questions and problems. Friday, Feb. 24, the Student Democrats will hear San Jose Attorney William Harris speak on "What Makes a Democrat." An open invitation to attend the club's meeting has been extended to all SJS students by Dr. Edgar Hornig, SDSC adviser. The meeting will be held at 7:30 p.m. in Room 307 at James Lick High School.

This year, of course, is election year, and an important one. Many of us will be voting for the first time. In my opinion, it is vitally important that the college student take an active interest in an organization such as the Student Democrats.

And I strongly urge those who feel the Democratic Party provides the dynamic and progressive leadership in our country to join and support our organization.

Sincerely,

John Dowden

Children's Creative Spark Needs Care

NEW YORK—(UP)—An author of children's books calls for the development of the creative side of the younger set.

Elizabeth Yates, writing in the current issue of the National Parent-Teacher, official magazine of PTA, said that the creative spark is best cultivated if adults remember that the ground from which all growth comes is the ground of loving care.

Parents and teachers can help the child by planning such creative ventures as planting a garden, putting together a tasty bit of cookery, or helping plan the redecoration of the house. Author Yates said that what counts is the child's growing confidence he is creating something worthy and unique.

What young people are doing at General Electric

Young manager
handles finances for
\$40,000,000 business

General Electric is made up of more than 90 product departments that operate as individual "businesses" — each conducting its own legal, financial, manufacturing, engineering, marketing and research activities.

One of the most important of these businesses is the Technical Products Department that makes broadcasting and communications equipment and semi-conductor devices. Responsible for managing the finances of this \$40 million business is Robert H. Platt.

Platt's Work Is Important, Responsible

In the next ten years, the Technical Products Department is expected to reach the \$100 million mark — more than doubling its present size. This is a big job. And it requires Platt to keep tabs on everything from tax, cost, and general accounting to payrolls, budgets and measurements, credits and collections, and internal auditing.

25,000 College Graduates at General Electric

Experience gained in the Business Training Course and as a traveling auditor gave Platt a variety of financial experience. Like each of our 25,000 college-graduate employees, he was given the chance to grow and realize his full potential. For General Electric has long believed this: When fresh young minds are given the freedom to make progress, everybody benefits — the individual, the company, the country.

Educational Relations, General Electric
Company, Schenectady 5, New York

ROBERT H. PLATT joined G.E. in 1941 after receiving his B.A. at Colgate University. He served 2 years in the Navy, attaining the rank of Lieutenant (J.G.). He is also a graduate of G.E.'s Business Training Course.

Progress Is Our Most Important Product

GENERAL ELECTRIC

(Sports Editor)

Winter, Expert on Track and Field

With the Olympic Games rapidly approaching, many experts and others, not so well qualified, have been getting in their two-bits worth on the athletic situation throughout the United States and the rest of the world.

Lloyd "Bud" Winter, San Jose State track and field coach, recently has returned from a trip to the Far East and Europe where he observed the athletic programs of many countries. An authority on track and field matters, Winter conducted a clinic in India and talked with foreign experts in countries such as Pakistan, Burma, Japan, England and France.

We asked Winter about some of the important information and events he learned and saw during his two months of travel. His reply on the subject of what impressed him most was the eagerness of foreign athletes to get information on athletics and learn new techniques. Interest ran so high in India, Winter was forced to get up at 4:30 in the morning on several occasions to aid athletes, who worked out by running around blocks in Bombay from 4:30 to 6 o'clock every morning.

Enthusiasm High in Europe, Asia

Everywhere he went, Winter found the athletes working out in every type of weather and under all conditions. To show the enthusiasm, Winter pointed to one of his own clinics. On the first day there were five participants. However, four days later, after the word had gotten around, 549 athletes showed up.

Winter stresses that any action undertaken should be done so in Olympic Games throughout the world. Athletes were going through back breaking paces to get in shape for the Melbourne games. Only in the United States has Winter found any complacency. He said, "Over here our athletes have too many other interests and are not willing to work as hard to get in condition as do their counterparts in other countries."

Winter believes this complacency will show up in this year's Olympic Games. Although the Spartan mentor feels the United States still will triumph in men's track and field, he sees dark days ahead if something is not done. He commented, "There are too many 'joiners' and not enough 'doers' in this country."

According to Winter, the American Amateur Union is the group that should act and carry out a definite program to give American athletes the competition needed to bring them up to top physical shape.

Winter stress that any action undertaken should be done so in the American way. This means the government should not contribute to the support of the team, which would throw a political tint into sports.

Spartans' Win Mark Periled

SJS Boxers To Meet Nevada Here Friday

San Jose State boxers put one of the longest winning streaks in collegiate history on the line Friday night, and it stands in serious jeopardy.

Attempting to play the spoilers role to the Spartans' record of 52 consecutive home matches without defeat is the University of Nevada. The Wolfpack probably will enter the ring in the favorite's role as they own a win over Cal Poly, last week's conquerors of the Spartans.

If the charges of Coach Julie Menendez get by the Wolfpack, their streak still won't be out of peril as Cal Poly travels here for a Monday, night return match. The Spartan record extends back to 1947.

The Spartans will be bolstered by the return of Jim Davis to the lineup. With Davis returning, Welvin Stroud probably will box in the 139 pound slot, and Spartan chances should get a shot in the arm. Menendez plans to juggle his boxers to pit strength against strength in the two matches.

Big guns for the Spartans are Max Voshall, NCAA middleweight champion, unbeaten heavyweight Mel Ratkovich, bantamweight Al Accurso, lightweight Al Julian and Stroud.

Nevada is paced by Ted Contri, 147 pound Pacific Coast Intercollegiate champion, NCAA finalist and athlete of the year in the state of Nevada. Jimmy Olivas, Wolfpack coach, also has tough contenders in Sam Macias, 1953 PCI titlist; Keith Ernst, 139 pounder who earlier this year knocked out Bobby Freeman, LSU's NCAA finalist; welterweight Mike Marfisi and heavyweight Bob Genascl.

SPARTAN DAILY 3
Thursday, February 23, 1956

Scoreboard

TODAY'S EVENTS
Wrestling: S.F. State at San Jose, 7:30 p.m.
Judo: S.F. State at San Jose, 8 p.m.
Swimming: Oakland YMCA at San Jose State, 8 p.m.
WEDNESDAY'S RESULTS
Gymnastics: San Jose 72½, Stanford 69½.

Phillips Paces SJS Gymnastic Victory

Ron Phillips scored 32½ points as he paced the San Jose State gymnastic team to a narrow, 72½-69½, victory over Stanford last night at Palo Alto.

The Spartans ace took first in the horizontal bar, still rings and all-around; second in rope climbing; third in free exercise and swinging rings; fourth in tumbling and parallel bars; and fifth in the trampoline.

Finishing second in the individual race was Jack Alberti with 16 and Ed Tryk with 14.

Frosh Name Woods, Harris Captains

Don Woods of Buffalo, N.Y., and Jon Harris of Campbell, were elected co-captains of the 1956 San Jose State freshman basketball team yesterday. Woods enrolled at San Jose after leaving the service at Camp Parks.

The freshmen wound up their season Tuesday night in a 70-64 overtime win over Menlo J.C., and finished the season with a record of seven games won and eight lost.

The Spartababes started the season out rather slowly, but improved in the latter stages to form a smooth and capable club.

Final individual statistics for the season:

	FG	FT	PF	TP	AVG
Harris, f	53	44	37	150	10.0
Woods, g	58	16	38	132	8.8
Blackwood, g	39	36	34	114	7.6
Lundquist, c	44	16	24	104	7.4
Powell, c, f	25	27	11	77	19.3
Schmidt, g	21	24	20	66	5.1
Ashmore, g	23	18	27	64	4.3
Pollard, f	19	15	28	53	5.9
Scott, f	13	23	15	49	3.3
Lampe, g	13	11	17	37	2.6
Torretto, f	7	2	1	16	2.0
Christiansen, g	2	8	1	12	2.0
Derrickson, f	5	2	2	12	1.5
Dabal, c	2	0	1	4	0.4

Swim Team To Meet Oakland YMCA Club

San Jose State's swimmers will return to action tonight when they take on the Oakland YMCA in Spartan Pool. First event will start at 8 o'clock.

The Spartans boast a 1-1 season record, having defeated Treasure Island Navy and losing to Stanford. Jay Cross, Dick Threlfall, Stan McConnell, and Bob Eustis are expected to lead the SJS mermen.

K.A., Theta Chi Win First Round Games

Perennially strong Kappa Alpha and Theta Chi scored opening round fraternity league victories Tuesday in the Men's Gym. The K.A.'s edged Sigma Nu, 36-34, while Theta Chi whipped Delta Upsilon, 44-34.

In other action Theta Xi nipped Delta Sigma Phi 23-21, and Kappa Tau beat Sigma Chi, 28-25.

Theta Chi's one-two punch of Bob Silva and Dick Zimmerman proved to be too much for Delta Upsilon. Silva led all the first round scorers with 18 points, while Zimmerman added 10. John Wagner hit 11 for D.U.

Don Hellmers was the big gun in Kappa Alpha's victory over Sigma Nu. Hellmers dropped in 12 points, while Carter led the losers with eight.

Eldon Peter sparked Theta Xi to a hard fought victory over DSP with seven markers. Ernie Dutra of DSP was the game's high scorer with eight points.

Despite 14 points by Ron Gardina, Kappa Tau was able to score a three point victory over Sigma Chi. Kappa Tau's scoring was well distributed with Tom Voight leading the pack with six points.

In this afternoon's action defend-

ing champion Sigma Alpha Epsilon takes on Lambda Chi Alpha in the feature game at 4 o'clock, while Theta Xi goes after its second straight victory against Alpha Tau Omega at 5 o'clock.

Today's fraternity slate
4:00—Sigma Alpha Epsilon vs. Lambda Chi Alpha
4:00—Phi Sigma Kappa vs. Pi Kappa Alpha
5:00—Alpha Tau Omega vs. Theta Xi
5:00—Delta Sigma Phi vs. Sigma Nu
Results Tuesday
Theta Xi 23, Delta Sigma Phi 21
Kappa Alpha 36, Sigma Nu 34
Delta Upsilon 34, Theta Chi 44
Kappa Tau 38, Sigma Chi 25

into full-time employment with the company.

CAA Opens Jobs; Interviews Soon

Frank J. Dailey, representative of the Civil Aeronautics Administration, will be on campus March 13 to interview engineering students, according to Dr. E. W. Clements, placement officer.

As a result of the tremendous increase in air traffic during recent years, the CAA presently is undertaking a program of unprecedented expansion and development of the nation's air navigation and communication facilities.

Graduate civil, electronic and electrical engineers now are being appointed by the administration to work in these advanced fields which offer unlimited opportunities in experience and career development.

Assignments are available in many areas throughout the United States and Alaska. Appointments for interviews should be made through the campus placement office.

Award Students

Students attending San Jose State on scholarships or grants awarded by organizations in their home towns are requested by Dr. Karl J. Mueller, college-scholarship chairman to submit their names, awarding organization and amount of the award to the Personnel Office.

Knight Believes Tax Increase 'Doubtful'

SACRAMENTO, — (UP)—Gov. Goodwin J. Knight said recently it is "highly doubtful" he will ask the Legislature in March for an increase in state taxes.

Knight told a news conference, his first since Jan. 31, that he definitely will not ask the Legislature for a one-half cent increase in the gasoline tax to finance repairs to flood-damaged highways.

He said in view of the recommendation of John M. Peirce, state director of finance, that the upcoming budget can be balanced with no new taxes, "It is highly doubtful I would make a recommendation for new or higher taxes."

1. He is "more firmly convinced than ever" that President Eisenhower will run for a second term. The Governor said he is ready to move immediately after the Legislature's decision and file a delegation for the June primary election pledged to Eisenhower.

2. He will not comment on reports he might file two delegations for the presidential election—one pledged to himself as a "favorite son" and the other an Ike delegation—in event Eisenhower does not make known his decision before the March 7th filing date.

3. He will call a special election June 5th, the same date as the primary election, to choose a successor to G. Delbert Morris (R-Los Angeles), who resigned as an Assemblyman. Morris now is serving a one to 14 year term in China prison for perjury.

4. He supports a \$4,000,000 appropriation from tidelands oil money to finance construction of the Winter Olympic games at Squaw Valley in 1960. The Governor said he is convinced the state will get its money back.

5. He has made no decision on whether to call a special session of the Legislature in March to consider creation of a single department of water. Nor has he decided whether to include in his budget funds to acquire sites of the Oroville dam and San Luis reservoir, key units in the Feather River project.

The Governor also told reporters he neither endorses nor opposes a request by Attorney General Edmund G. Brown for \$30,000 to employ an attorney and engineer to fight a \$28 million increase in natural gas rates to California consumers.

Association Urges State Water Study

SACRAMENTO, — (UP)—The County Supervisors Assn. has urged Gov. Goodwin J. Knight to call a special session of the Legislature to consider creation of a state water department.

"The first step in solving the state's overall water problem is creation of an appropriate state department to handle water matters," William R. MacDougall, association general manager, wrote Knight. "County government is convinced of the need for action at the earliest possible time."

MacDougall said the association had taken no specific stand on details of the legislation.

The Road

Or what paved the way
for sixty-one million cars?

When you drive anywhere in America today it isn't an adventure.

You no longer jolt down unmarked and uncharted roads in uncertain cars. Roads that are bottomless mudholes or rock-ribbed ruts.

But your father did. For a mere forty years ago there were hardly 4,000 miles of paved roads in this country, and not quite 2,500,000 automobiles to go anywhere on them.

What changed the picture so quickly to 300,000 miles of smooth highways and over 61,000,000 vehicles? For one thing, the simple need for American business to make a profit.

Example: the automobile manufacturers. Trying to sell more cars and make a profit, they made constantly better cars. The better the cars became, the more people bought them. The more people bought cars, the greater the need for safe roads. And we built them.

Example: the oil companies. We had to make a profit, too. So after we refined the gasoline

Reprinted from A Pictorial History of the Automobile as seen in MOTOR 1903-1953, Copyright The Hearst Corporation, 1953

we scraped the bottom of the barrel of crude oil and made asphalt. At first it was a primitive black-top that was poured right on the road. But to sell it in competition with costlier materials, we kept improving it.

Result: today heavy-duty asphalt covers eight out of every ten miles of American roads. Today, too, our expanding economy calls for a third more miles of new and wider highways.

Your taxes will pay for these new roads, so we hope they're built of asphalt. It does everything any costlier material does. It can save you as much as \$78,848 per mile. It's proved itself in paving the way for sixty-one million cars.
